On the 1st of July, 1884, I left  
for the purpose of visiting  
the various points of interest  
in the vicinity of the  
city of New York. I first  
went to the Statue of Liberty,  
and then to the City Hall.  
The weather was very fine,  
and the people were very  
kind and courteous. I  
saw many interesting things,  
and was very much  
amused and interested.
